How To Self Register for the Smarter Balanced Digital Library

Digital Library access is available to any California local educational agency (LEA) staff member.

Register for the Digital Library

2. Select the Register for the Digital Library button.

3. Enter your first name, last name, and e-mail address.

   The e-mail address must be from an authorized educational institution. Staff with a non-LEA e-mail domain (e.g., gmail.com, yahoo.com) or who have trouble registering will need to work with their LEA CAASPP coordinator to establish an account.

4. Select the Register button.

   Within 30 minutes, a welcome e-mail with a temporary password and a link to the Digital Library will be sent to the e-mail address entered during registration. This e-mail will come from one of the following e-mail addresses:
   - Smarter-DoNotReply@smarterbalanced.org
   - DoNotReply-smarterbalancedlibrary.org@srmail.smarterbalanced.org
   - DoNotReply@srmail.smarterbalanced.org

   Users who have an existing Digital Library account and attempt to register will be prompted to login or reset their password.

Logging into the Digital Library for the First Time

The following steps can only be completed after the welcome e-mail is received.

6. Log in with the user name and temporary password provided in the welcome e-mail.

7. Select the Log In button.

   At this point users must change their password.

8. Copy and paste the temporary password into the Old Password box.

9. Enter a new password in the New Password box and the Confirm Password box.

10. Select the Submit button.

11. Read through the Terms of Service and select the I Agree with the Terms of Service box.

12. Select the Continue to Digital Library button.

13. Review and modify as desired the Personal Information, Expertise, and Privacy Settings tabs.

14. Select the Upload File button once the profile is completed.

You can now access the Digital Library!
