

ETS Seeking Raters for the California Assessment of Student Performance and Progress

ETS is recruiting individuals with bachelor's degrees to score students' written responses for the California Assessment of Student Performance and Progress (CAASPP).

CAASPP is a statewide assessment program managed and administered by ETS under contract with the California Department of Education and the California State Board of Education. Beginning with the 2015 administration, the Smarter Balanced Summative Assessment in English language arts/literacy (ELA) and Mathematics will be administered to about 3.4 million students in grades 3–8 and 11.

The Smarter Balanced Summative Assessment will replace existing tests in ELA and Mathematics. Administered online, these new assessments adapt to each student's ability, giving teachers and parents better information to help students succeed.

Scoring will take place from March 2015 through July 2015. Raters who successfully pass the certification exam **will be eligible** to score the assessments. Raters score online from their home under the supervision of an assigned Scoring Leader.

To view details about this opportunity, visit www.ets.org/caraters.

California educators who are interested in scoring ELA for grades 6, 7 and 8 or Mathematics for grades 3, 4 and 5 can apply through our scoring partner Measurement Incorporated® at www.measurementinc.com by viewing "Employment" and selecting "Remote Scoring Center: Work from Home" in the Reader/Evaluator section.

You will receive
training and certification.
The pay rate for scoring
is \$13 an hour.

Minimum requirements for Raters

- Bachelor's degree in any field
- Teaching experience strongly preferred
- Bilingual English/Spanish speakers, graduate students and substitute teachers are encouraged to apply
