Overview of the Assessment

The California Spanish Assessment (CSA) is an online, linear (nonadaptive), summative, grade-level assessment for students in grades three through eight and high school who are seeking a measure that recognizes their Spanish reading, writing mechanics, and listening skills. The CSA is a part of the CAASPP system and replaces the Standards-based Tests in Spanish.

The CSA is aligned to the Common Core State Standards (CCSS) en Español, which were developed as a joint effort between the San Diego County Office of Education, the Council of Chief State School Officers, and the CDE. The CCSS en Español are a translated and linguistically augmented version of the English-language CCSS for English Language Arts & Literacy.

Tests were developed for each grade level from three through eight and one test for all high school grade levels.

Test Window

The CSA can be administered during a fixed testing window that falls between April 1 and the final day of the local educational agency's (LEA's) instructional calendar or July 15, 2019, whichever comes first. The CSA may be given to students in grades three through high school.

Student Survey

The CSA will include a student survey in the assessment. The student survey will comprise the first three questions on each assessment asking student-specific demographic questions. The test administrator should guide students through this survey, as accuracy is paramount.

Survey data will be analyzed and summarized once all CAASPP testing windows have closed.

Questions

Each grade-level test will present the following three demographic-related questions regarding the student at the beginning of the test form. For the first survey question, students should indicate whether or not they received instruction in Spanish, inclusive of content area courses, in the previous school year.

- 1. Did you receive instruction in Spanish in the 2018–19 school year? ¿Recibiste educación en español en el año escolar 2018–19?**
 - Yes (Sí)
 - No (No)
- 2. Which program were you enrolled in? ¿En qué tipo de programa escolar estuviste matriculado/inscrito?**
 - One-Way Immersion (Inmersión únicamente para hablantes de español)
 - Dual-Language Immersion (Inmersión para hablantes de español y de inglés)
 - Developmental Bilingual (Programas de desarrollo del idioma)
 - Heritage Language or Indigenous Language (Programas para hispanohablantes [hablantes de español])
 - Spanish as a foreign language (i.e., Spanish I, Spanish II, etc.) (Español como lengua extranjera [es decir, Español I, Español II, etc.])
 - None of the above (Ninguno de los anteriores)
- 3. What percentage of your school day instruction was provided in Spanish? ¿Qué porcentaje de tu educación diaria recibiste en español?**
 - 0–25%
 - 26–50%
 - 51–75%
 - 76–100%

Test administrators are responsible for knowing this information about the students in their test session prior to administering the assessment. Additionally, test administrators must guide students to input the appropriate responses for the questions.

Resources

Test Administrator Materials

Directions for CSA administration, including instructions on approving tests and the script that must be read prior to test administration, can be found in [Chapter 9: Scripts for Administering the California Spanish Assessment to Students](#). These instructions are in Spanish and should be used when administering the CSA only. Using these instructions to administer a different assessment is a test security incident and must be reported in the Security and Test Administration Incident Reporting System.

Student Accessibility Resources

The complete list of embedded and non-embedded universal tools, designated supports, and accommodations available for the CSA are listed on the CDE [CAASPP Accessibility Resources](#) web page.

Tests will include embedded and non-embedded universal tools, designated supports, and accommodations.

Practice and Training Tests

Practice and training tests for the CSA are linked on the CAASPP [Practice and Training Tests Portal](#). Practice tests can be accessed either through the secure browser or through a standard internet browser. There is one practice test for each of grades three through eight and one for all high school grade levels.

Scoring guides in English and Spanish are available on the [Test Administrator and Test Examiner Resources for the Online Practice and Training Tests](#) web page.

User Responsibilities

Table 13 shows the tasks CAASPP users perform for the CSA:

Table 13. User Role Participation in the CSA

Role	Task
LEA CAASPP coordinator	<ul style="list-style-type: none"> • Create the users at schools involved in the CSA • Set up test administrations • Assign student designated supports, accommodations, or unlisted resources • Assign students to take the CSA • Provide training to CAASPP test site coordinators and test administrators • Watch the operational CSA training video
CAASPP test site coordinator	<ul style="list-style-type: none"> • Work with the California Longitudinal Pupil Achievement Data System coordinator to ensure that students are in the correct grades • Assign student designated supports, accommodations, or unlisted resources • Assign students to take the CSA • Participate in training provided by the LEA
Test administrator	<ul style="list-style-type: none"> • Participate in training provided by the LEA • Review the demographic survey questions • Guide students through the demographic survey questions • Administer the CSA
