Day of Test Administration: Directions for Administration of the Smarter Balanced Assessments and CAST

Note: These instructions apply to administration of the Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics and the California Science Test (CAST). The Directions for Administration of the California Alternate Assessments (CAAs) for ELA and Mathematics and the embedded performance tasks (PTs) for the CAA for Science, which include directions, can be downloaded from the password-protected Test Operations Management System (TOMS).

Overview

RECOMMENDATION: Consider printing this section to be used on the day of testing for both the computer adaptive test (CAT) and PT portions of each content area test. Remember that the CAT and PT portions are considered two unique tests and, as such, adherence to the process that follows is needed when initiating both tests.

Before you administer a test session, check to see if the following has been completed:

- Verify the security of the testing environment prior to beginning a test session. (See the subsection Security of the Test Environment.)
  - Student seats are arranged in a way so they cannot see each other’s answers.
  - All displayed instructional materials (e.g., vocabulary charts, periodic tables, etc.) are covered or taken down.
  - Post “TESTING IN PROGRESS—DO NOT DISTURB” signs outside of the testing room.
- Ensure that students do not have access to digital, electronic, or manual devices (e.g., cellphones, smart watches) during testing.
- Make sure each testing device or workstation has headphones.
- Verify that students have access to and use of the additional required resources in Table 15 specific to each assessment and content area (e.g., scratch paper for all tests, headphones for ELA, graph paper for mathematics grades six and above).
- Recommended: Launch secure browsers on all testing devices before students sit down to test.
**Note:** With the exception of students in grades six and above with a documented accommodation in an IEP or Section 504 plan to use a non-embedded calculator, students are expected to use the embedded calculator for calculator-allowed questions on the mathematics test.

To ensure that all students are tested under the same conditions, the test administrator should adhere strictly to the script for administering the test unless a student is assigned the non-embedded designated support or accommodation for Simplified Test Directions. The script can be found in the shaded boxes on pages 123 through 135. These instructions can be found in the boxes in bold on the following pages. When asked, the test administrator should answer questions raised by students but should never help the class or individual students with specific test items. **No test items can be read to any student for any content area, unless the student is assigned a Read-Aloud non-embedded designated support or accommodation as listed in the Smarter Balanced Usability, Accessibility, and Accommodations Guidelines (UAAG).**

Please remember that the script must be followed exactly and used each time a test is administered, except for students who are assigned the Simplified Test Directions non-embedded designated support as described in the **UAAG**. If the class is resuming a test and the test administrator is sure that all students are able to log on without hearing the logon directions again, the test administrator may skip the italicized portions of the directions.

All directions that a test administrator needs to read to students are indicated by the word “SAY” and are in boxes so they stand out from the regular text. They should be read exactly as they are written, using a natural tone and manner (except for students assigned the Simplified Test Directions non-embedded designated support). If the test administrator makes a mistake in reading a direction, the test administrator should stop and say, “I made a mistake. Listen again.” Then the direction should be reread.

The test administrator should try to maintain a natural classroom atmosphere during the test administration. Before each test begins, he or she should encourage students to do their best.

Any time a student logs on to the testing system, the test administrator should follow this script. This includes logging on to complete the CAT items or the PT.
Administer an Online Test Session

WARNING

The California Department of Education (CDE) recommends that test administrators exercise extreme caution when selecting an assessment for a test session. To help with differentiating the tests, the assessments each have a differently colored background with a white-text label.

**Online Assessments:**
- Red—Smarter Balanced Summative Assessments
- Indigo—California Alternate Assessments (CAA)
- Brown—California Science Test (CAST)
- Green—Smarter Balanced Interim Assessments

**Online Practice and Training Tests:**
- Pink—Smarter Balanced practice tests
- Purple—Smarter Balanced training tests
- Teal—CAA training tests
- Blue—CAA practice tests
- Orange—CAST training tests
- Golden Yellow—CAST practice tests

If a test administrator has mistakenly selected and administered the summative assessment when intending to administer an interim assessment or practice/training test, the local educational agency (LEA) California Assessment of Student Performance and Progress (CAASPP) coordinator or CAASPP test site coordinator must submit a CAASPP Security and Test Administration Incident Reporting System (STAIRS) form to report the incident. After the CAASPP STAIRS form is submitted, LEA CAASPP coordinators or CAASPP test site coordinators may be directed to file an appeal.

You must create a test session before students can log on to the Student Testing Site. In order for a student to take a specific test, it must be included in your test session.

This section contains information on how to start a test session, add tests to the session, verify students’ test settings, approve students for testing, and monitor their progress.
Warning: Check students’ information and test settings before test sessions.

Students who require test settings other than the default must have their settings updated in the Test Operations Management System (TOMS) before testing begins. For information about test settings, including accommodations, refer to “Chapter 5. Student Test Settings” of the TOMS Pre-Administration Guide for CAASPP Testing and the Smarter Balanced Usability, Accessibility, and Accommodations Guidelines. Both documents are linked on the Student Accessibility Resources and Test Settings Web page on the CAASPP Portal.

If you have a student whose test settings are incorrect, do not approve him or her for testing. Contact your LEA CAASPP coordinator or CAASPP test site coordinator (as appropriate) to have the student’s information updated in TOMS and reschedule the student’s testing.

Beginning the Test

Follow these instructions to administer the Smarter Balanced Online Summative Assessments and the CAST unless a student is assigned the non-embedded designated support for Simplified Test Directions. The test administrator must create a test session before students can log on to the Student Testing System (but no more than 30 minutes prior or the system will time out). When a test administrator creates a test session, a unique session ID is randomly generated. This session ID must be provided to the students before they log on and should be written down.

The basic workflow for administering online tests is as follows:

1. The test administrator selects tests and starts a test session.
2. Students sign in and request approval for tests.
3. The test administrator reviews students’ requests and approves them for testing.
4. Students complete and submit their tests.
5. The test administrator stops the test session and logs off.

For information about the testing process from a student’s perspective, see the subsections Signing In to the Student Testing Site and Features of the Student Testing Application.

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAA for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAAs for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.

<table>
<thead>
<tr>
<th>Test Administrator</th>
<th>Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Navigate to the CAASPP Portal on a Web browser.</td>
<td></td>
</tr>
<tr>
<td>2. Select the [Test Administrator Interface] button.</td>
<td></td>
</tr>
<tr>
<td>3. Log on to the Test Administrator Interface using your sign in credentials.</td>
<td></td>
</tr>
<tr>
<td>4. If you are associated with multiple institutions, an “Important!” message appears when you log on. You must select the appropriate institution from the drop-down list in this message and select the [Go] button. You may only select one institution at a time. You will only be able to administer tests available for the selected institution. In order to select a different institution, you must log off and then log back on.</td>
<td></td>
</tr>
</tbody>
</table>
5. The **Test Selection** window color-codes tests and groups them into various categories. A test group, such as “Smarter Balanced Summative Assessments,” may include one or more subgroups. All test groups and subgroups appear collapsed by default. **The summative assessments are always found in the second category** and are colored in red.

6. To select tests for the session, do one of the following:
   - To expand a collapsed test group, select the [Plus] plus-sign [+] icon (or [Expand All])
   - To collapse a test group, select the [Minus] minus-sign [—]icon (or [Collapse All]).
   - To select individual tests, mark the checkbox for each test you want to include.

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The *Directions for Administration of the CAs for ELA and Mathematics* and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. </tr>
</thead>
<tbody>
<tr>
<td>9. Inform students of the test session ID. The session ID is automatically generated upon selecting [OK] in the previous step. Write the session ID on a place where all students can clearly see.</td>
<td></td>
</tr>
</tbody>
</table>

10. Read the following SAY box.

**SAY:**

Today, you will take the [Smarter Balanced—insert grade, ELA/mathematics, and CAT/PT; or California Science Test—insert grade five, eight, or high school] test. I will give you a test session ID that is required to start the test. Before logging on, let’s go over some test rules.

You must answer each question on the screen before selecting NEXT. If you are unsure of an answer, provide what you think is the best answer. If you would like to review that answer at a later time, mark the question for review before going on to the next question. You may go back and change the answer during this test session.

You may pause at any point in the test by selecting PAUSE rather than NEXT after answering a question. Please raise your hand if you need a break and ask permission before selecting PAUSE.

11. Read the following SAY box for the CAT portion or the CAST only.

**SAY:**

If you pause your test for more than 20 minutes, you will no longer be able to go back and change your answers, even the ones you marked for review. You may check your answers to any questions before you pause your test.

12. Read the following SAY box for the mathematics computer adaptive test (CAT) in grades six through eleven and the English language arts/literacy (ELA) performance task (PT) only. You do not need to read this for the California Science Test (CAST).

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAA for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
<table>
<thead>
<tr>

<th>Student</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>SAY:</strong></td>
<td></td>
</tr>
<tr>
<td>Please keep in mind that this test is divided into segments. When you get to the end of a segment, you will be told to review your answers before moving on. Once you submit your answers and move on to the next segment, you will not be able to return to the previous segment.</td>
<td></td>
</tr>
<tr>
<td>13. Read the following SAY box and all subsequent SAY boxes to everyone.</td>
<td></td>
</tr>
<tr>
<td><strong>SAY:</strong></td>
<td></td>
</tr>
<tr>
<td>Your answers need to be your own work. Please keep your eyes on your own test and remember, there should be no talking. If you have a cell phone, smartwatch, or other non-approved electronic devices, please turn off the device and put it away. If you finish your test early, please raise your hand and sit quietly.</td>
<td></td>
</tr>
<tr>
<td>14. Logon tickets may be provided to each student. The logon tickets should provide the students’ Statewide Student Identifier (SSID). Note that logon tickets are secure testing materials and should be securely destroyed after testing.</td>
<td>14. Log on to the Student Testing Site through the secure browser.</td>
</tr>
<tr>
<td><strong>SAY:</strong></td>
<td></td>
</tr>
<tr>
<td>Direct students to sign in using the Student Sign In Web form. You do not need to read the italicized sentences to students testing over multiple days who have already heard these instructions at least once.</td>
<td></td>
</tr>
<tr>
<td><strong>SAY:</strong></td>
<td></td>
</tr>
<tr>
<td>Now we are ready to log on. Once you have logged on, you will have to wait for me to approve the test before you start. I’ll be checking that you have correctly entered the test session ID and other information. Enter your legal first name, not your nickname, followed by your SSID number. Then enter the test session ID. Raise your hand if you need help typing this information on your keyboard.</td>
<td></td>
</tr>
<tr>
<td><strong>SAY:</strong></td>
<td></td>
</tr>
<tr>
<td>Now select SIGN IN. Once you have successfully logged on, you will see a screen with your first name and other information about you. If all of the information on your screen is correct, select YES to continue. If any of the information is incorrect,</td>
<td></td>
</tr>
</tbody>
</table>

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. <table>
<thead>
<tr>
<th>Test Administrator</th>
<th>Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>please raise your hand and show me what is incorrect.</td>
<td></td>
</tr>
<tr>
<td>16. Ensure that all students have successfully entered their information.</td>
<td>16. Verify identity by selecting [No] or [Yes].</td>
</tr>
<tr>
<td>17. Inform students of the test type (for example, ELA CAT, Mathematics PT, science) in which they are participating today.</td>
<td>17. Select the test to take.</td>
</tr>
</tbody>
</table>

**Note:** Only the tests that the test administrator selected for the test session for which students are eligible are selectable by students. The sample shown is from the practice and training test interface.

**SAY:**
On the next screen, select the [INSERT NAME OF TEST (i.e., ELA Grade 4 CAT)], and then select [START TEST]. After you have selected your test, you will see a screen with a moving bar and message saying that you are waiting for test administrator approval. Please wait quietly while I check and approve each of your tests.

**Example:**

Is This You?

Please review the following information.

First Name: Jane
Last Name: Smith
SSID: 1234567890
Grade: 8
Date of Birth: December 1, 1998
School: Demo School

Next Step:
If the information is correct, choose Yes. If not, choose No.

Yes  No

**Your Tests:**
Select the test you need to take.

- Smarter Balanced Practice Tests
  - Start Grade 6 ELA Practice Test
  - Start Grade 6 Math Practice Test
- Smarter Balanced Training Tests
  - Start Grades 3-5 ELA Training Test
  - Start Grades 3-5 Math Training Test
- California Alternate Assessment (CAA) Training Tests
  - Start CAA Grades 3-5 ELA Training Test
  - Start CAA Grades 3-5 Math Training Test
- California Science (CAST) Training Test
  - Start CAST Grades 5, 8 and 11 Training Tests

Next Step:
If you do not see the test you need to take, notify your Test Administrator and select Back to Login.

Back to Login

### Test Administrator | Student
--- | ---
18. | Wait for the test administrator's approval.

**Note:** If a student’s test settings are incorrect, deny the student, contact the LEA CAASPP coordinator or CAASPP test site coordinator to correct the test settings in TOMS, and test the student on another day.

19. Approve students to test by selecting the [Approve] check mark [✓] icon in the Actions column for individual students or the [Approve all Students] button for each group of tests. Select the [Details] eye [搡] icon to view the student’s settings for the current test opportunity. “Custom” in the Details column indicates the student has been assigned test settings.
These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAAs for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
**Test Administrator**

- If you are administering a Smarter Balanced ELA test, have students run the sound check.

**Student**

- If beginning a test with text-to-speech or a test with listening items, complete the audio checks with headphones.

---

**SAY (only for ELA test):**

Next you should see a screen that prompts you to check that the sound on your computer is working. Put your headsets on and select the icon of the speaker in the circle to hear the sound. If you hear the chime, select [YES]. If not, raise your hand.

If audio issues occur, do the following:

- Ensure headphones are securely plugged in to the correct jack or USB port.
- If the headphones have a volume control, ensure the volume is not muted.
- Ensure that the audio on the device is not muted (often via a control panel or settings window).

If the student is still experiencing issues, contact your CAASPP test site coordinator or school technology coordinator.

---

**Text-to-speech audio check:**

![Text-to-speech audio check image]

**Test with listening items audio/video check:**

![Test with listening items audio/video check image]
Test Administrator

23. Tell students how to take the test.

**SAY:**
Before your test appears, you will see a tutorial page listing the test tools and buttons that you may use during the test or that will appear on the test. You can also find this information during your test by selecting the HELP button in the top right corner.

When you are ready to begin your test, select BEGIN TEST NOW at the bottom of the page.

24. Continue with the instructions in the next subsections, Monitoring Student Progress and Ending a Test Session.

---

**Monitoring Student Progress**

**Test Selection**

It is very important that test administrators monitor student progress throughout the test session. This includes verifying that students are participating in the appropriate content area and type of test (CAT, CAST, or PT). The test administrator monitors the test each student is taking by referring to the *Students in Your Operational Test Session* table in the Test Administrator Interface, shown in Figure 30. Note that the list of student names can be sorted by linked (underlined) column headings.

In the event a student is taking an incorrect test, the test administrator should pause the student’s test. The test administrator should then instruct the student to log off and log on again to select the correct test. The *Test* column is called out in Figure 30.

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAs for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
If a student is unable to return to and complete the test that he or she logged off before it expires in 10 calendar days (PT) or 45 calendar days (CAT or CAST), the CAASPP test site coordinator or LEA CAASPP coordinator must use the Security and Test Administration Incident Reporting System (STAIRS) process to first, report the incident, and then, to submit an appeal to re-open the test.

**Warning:** If the student has already begun to test with incorrect test settings, the test settings would have to be corrected in TOMS by the CAASPP test site coordinator or LEA CAASPP coordinator. To reset the test, the LEA CAASPP coordinator or CAASPP test site coordinator must submit the CAASPP STAIRS form. Then, if warranted, the coordinator would file an appeal. The CDE will determine the impact of resetting a test due to incorrect test settings and will either approve or deny a request to reset within two business days of receiving the request.

In the rare event that a student starts a test unintentionally (for example, selected a PT instead of a CAT, or selected mathematics instead of ELA), the test’s expiration timeline will be activated. If a student is unable to return to and complete the test before it expires in 10 days (PT) or 45 days, the CAASPP test site coordinator or LEA CAASPP coordinator must use the STAIRS process to first, report the incident, and then, to submit an appeal to re-open the test.
Test Security
Once students have started their Smarter Balanced assessment or CAST, the test administrator should circulate the room to ensure that all conditions of test security are maintained. If the test administrator or test examiner witnesses or suspects the possibility of a test security incident, the CAASPP test site coordinator and LEA CAASPP coordinator should be contacted immediately in accordance with the security guidance provided in this manual.

Student Directions During Testing
While the Test Administrator Interface is designed to automatically refresh every minute, the test administrator can refresh it manually at any time by selecting the [Refresh Now] button at the top left corner of the page.

**Warning:** Do not use the Web browser’s [Refresh] button to refresh the Test Administrator Interface.

If the test administrator notices that a student is off task, the test administrator may say the following statement to the student, **verbatim**, to keep him or her focused.

**SAY:**
It is important that you do your best. Do you need to pause the test and take a break?

If a student is concerned about an item, you may direct the student to review a tutorial by reading the script below **verbatim**.

**SAY:**
Try your best and choose the answer that makes the most sense to you. If you are unsure about how a question works, you can review a tutorial by selecting on the “i” button on the right side of the screen.

Allowing the students to practice on the training test and practice test prior to testing is strongly encouraged to ensure that students are able to manipulate each item type and use the various tools and resources during testing.

**Warnings:**
Always write down the session ID for possible future use:

- If the test administrator is using the Test Administrator Interface and navigates to TOMS or the Test Administrator Practice or Training Web site, the session will stop, and all students in the session will be logged off. The session cannot be resumed. A new session will have to be created, and the students will have to log on to the new session to resume testing. When
starting a new session, give the new session ID to the students so they can log on and resume testing.

- If the Test Administrator Interface or Test Administrator Practice Site Web browser is accidentally closed while students are still testing, the session will remain open until it times out after 30 minutes. The test administrator can open the Web browser and navigate back to the Test Administrator Interface. The test administrator will be prompted to enter the active session ID.

- As a security measure, test administrators are automatically logged off of the Test Administrator Interface after 30 minutes of test administrator user inactivity and student inactivity in the test session, which will result in closing the test session. If this occurs, the test administrator will have to create a new session and the students will have to log on to the new session to resume testing. When starting a new session, the test administrators should give the students the new session ID so they can log on and resume testing. Please note that students will not be able to return to CAT or science items from previous sessions, even if the responses were marked for review.

**Ending a Test Session**

When there are approximately 10 minutes left in the test session, the test administrator should give students a brief warning.

> **SAY:**
> We are nearing the end of this test session. Please review your answers, including any questions you marked for review now. Do not submit your test unless you have answered all of the questions.

> **[The following should be read for the ELA CAT portion only]**
> If you are working on a set of questions for a reading passage, please finish all of the questions in that set.

> **SAY:**
> If you need additional time let me know.

**Read to Students in Grade Eleven ONLY:**

> **Alert:** Students in grade eleven taking a computer adaptive test (CAT) will see an additional question at the end of their test sessions for both English language arts/literacy (ELA) and mathematics, such as is shown in Figure 31.
This question is not part of the assessment, but is presented to allow students
the option of selecting whether or not they will share their scores on the
CAASPP Smarter Balanced Summative Assessments with the California State
University (CSU) system and participating California Community Colleges
(CCC) as part of the Early Assessment Program (EAP). If you are
administering a test to students in grade eleven, please read the text in the
next box below. Otherwise, skip the text in that box and continue with the test
administration.

Students must answer this question after each of the content-area
assessments to have the results of that test reported to the CSU and
participating CCCs. Agreeing to release the results of one content-area
assessment to the EAP is not agreement to release the results of the
other content-area assessment; the student must agree individually to
both to have both sets of results reported to the EAP.

Figure 31. Sample EAP question on the top of each grade eleven assessment

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and
mathematics and CAST. The Directions for Administration of the CAAs for ELA and Mathematics and the
embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the
password-protected TOMS.
### SAY: EAP SECTION—READ TO STUDENTS IN GRADE ELEVEN ONLY

The Early Assessment Program (EAP) will assist the California State University (CSU) system and the California Community Colleges (CCC) system in providing you information on your readiness for college-level written communication and mathematics/quantitative reasoning prior to starting your senior year. The results are used to determine a student’s placement in appropriate coursework once you have been admitted. The release of CAASPP results will not affect a student’s application for admission.

Please carefully read the statement presented as the last question in this test session. If you do not wish your results to be sent to the CSU and CCC, select “Do Not Release.” If you are considering or plan to enroll at CSU or CCC, scroll down the form, select “Release,” and then select the [Submit] button. Your Smarter Balanced results for this test will be provided to both institutions by selecting the Release circle and then submitting. If you do not select to release your results, you may be requested to provide a copy of your results to the campus at a later time. Even if you have already answered this question at the end of an ELA or mathematics test you have already taken, you need to answer it for this test to have the EAP results of both tests reported.

Your CAASPP Student Report will provide a Web site, where additional information is available on what your EAP results mean.

### END OF EAP SECTION

### Continue Reading to ALL Students:

After answering the last item in each segment, each student is presented with a screen prompting him or her to review answers (marked and unmarked) for all items available to the student or prior to submitting the test. Mark for Review is provided as a reminder to a student that he or she had a question or concern about a particular item, but he or she is permitted to review all items—marked or unmarked—within the constraints of the pause rule.

After answering the last question, students must submit their tests. If students would like to review their answers before submitting their test, they should select [REVIEW MY ANSWERS] and then [SUBMIT TEST] after they finish reviewing. Once a student selects [SUBMIT TEST], the student will not be able to review answers.

### SAY:

This test session is now over. If you have not finished, select PAUSE, and you will be able to finish at another session.

[For the CAT portion and CAST only if the length of time pausing the test is greater than 20 minutes, e.g., the student will continue testing on another day]

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAAs for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
Administering the Summative Assessments to Students

Day of Test Administration: Directions for Administration of the Smarter Balanced Assessments and CAST

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAAs for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.

SAY:
Remember, if you are not finished and need to pause your test for more than 20 minutes, you will not be able to go back to the questions from this test session, including questions marked for review. You will also not have access to the notes you entered in the Digital Notepad.

SAY:
If you have answered all the questions on your test and have finished reviewing your answers, select SUBMIT TEST. I will now collect any scratch paper or other materials.

Test administrators should select [Stop Session] to end the test session and pause any student test in the session that is still in progress. When finished, test administrators can log off the Test Administrator Interface by selecting the [Logout] button at the top right. Test administrators should also collect any scratch paper (and graph paper for mathematics in grades six and up).

Logging Off

Use caution when logging off the Test Administrator Interface as this will log you off of other related systems (e.g., Completion Status, Interim Assessment Hand Scoring, and TOMS). To log off the Test Administrator Interface, select the [Logout] button in the top-right corner of the screen on the Single Sign-On system banner (shown in Figure 32).

Figure 32. Single Sign-On system banner

Your session will be closed, and you will be directed to the CAASPP Portal after you log off. You will not be able to resume the test session.

Alert: This scenario also occurs when a test administrator or test examiner navigates to another site from the Test Administrator Interface. If you need to access TOMS or another application, you are encouraged to open a separate Web browser window and use that window for other applications.

If a test examiner or test administrator unintentionally logs off the Test Administrator Interface while students are still testing, all in-progress tests will be paused and the students will be logged off. You cannot resume the original session. You will need to log back on, start a new session, and provide the new session ID to students who need to log back on and resume testing.
Troubleshoot Issues During Testing

Additional Resources:
- Technical Specifications and Configuration Guide for CAASPP Online Testing

This section describes how to troubleshoot some situations in which a student cannot connect to a test.

Resolving Secure Browser Error Messages

This section provides possible resolutions for the following messages that students may receive when signing in.

- **Secure Browser Not Detected:**
  The system automatically detects whether a device is using the secure browser to access the online testing system. The system will not permit access to a test other than through the secure browser; under no condition may a student access a test using a nonsecure browser.

- **You Cannot Login with This Browser:**
  This message occurs when the online testing system cannot determine if the student is taking the test through the correct secure browser. To resolve this issue, ensure the latest version of the secure browser is installed and that the student launched the secure browser instead of a standard Web browser. If the latest version of the secure browser is already running, then you should log the student off, restart the device, and try again.

- **Looking for an Internet Connection:**
  This message occurs when the secure browser cannot connect to the test delivery system. This is most likely to occur if there is a network-related problem. The easiest thing to check is if the network cable is plugged in (for wired connections) or if the Wi-Fi connection is live (for wireless connections). Also check if the secure browser must use specific proxy settings; if so, those settings must be part of the command that launches the secure browser.

- **Test Environment Is Not Secure:**
  This message can occur when the secure browser detects a forbidden application running on the device (see the subsection Security of the Test Environment). If this message appears on an iPad, ensure that either Autonomous Single App Mode (ASAM) or Automatic Assessment Configuration is enabled. Refer to the Technical Specifications and Configuration Guide for CAASPP Online Testing or contact your technology coordinator to determine if you are testing with ASAM.

These instructions apply to administration of the Smarter Balanced Summative Assessments for ELA and mathematics and CAST. The Directions for Administration of the CAs for ELA and Mathematics and the embedded performance tasks for the CAA for Science, which include directions, can be downloaded from the password-protected TOMS.
Following Test Administration

Destroying Test Materials

Federal law—the Family Educational Rights and Privacy Act—prohibits the release of any student’s personally identifiable information. Any printed materials must be securely stored and then shredded.

As a reminder, those printed and paper test materials identified in the Test Security section must be securely destroyed immediately following each test session and may not be retained from one test session to the next. The only exception to this is scratch paper and graph paper used during the performance task, which should be handled according to the guidance provided in the Handling Secure Printed Materials subsection.

Reporting Testing Improprieties, Irregularities, and Breaches

Additional Resources:

Throughout testing, ensure that all test security incidents were reported in accordance with the guidelines in the Test Security section in this manual (that is, local educational agency (LEA) CAASPP coordinators or CAASPP test site coordinators must fill out the CAASPP Security and Test Administration Incident Reporting System form on the CAASPP Security and Test Administration and Incident Reporting System Process for Summative Assessments Web page and follow the instructions in the e-mail response to the form.)
