

California Science Test Academy

This California Science Test (CAST) Academy, coming in fall 2018, is designed for teams of educators, including school and district science instructional leaders, teachers, teacher leaders, teachers of specials assignment, and instructional coaches who play a role in supporting high quality science education in the classroom.

Training Highlights:

- Learn about the CAST assessment design and expectations
- Deconstruct a California Next Generation Science Standards (CA NGSS) performance expectation
- Explore the CAST training test items
- Consider the implications of the CA NGSS and CAST for improved teaching and learning

Locations:

- Sacramento—October 2
- Riverside—October 9
- San Diego—October 16
- Clovis—October 23
- Los Angeles—October 30

Registration is available at
<https://www.eventsforce.net/scoe/12/home>

Registration is \$100 per attendee and includes training materials, breakfast, and lunch.

For additional information, contact Brandon Wilson at the Sacramento County Office of Education by e-mail at bjwilson@scoe.net.
