Qualifications

Educational Testing Service is seeking applications from current and retired California educators who have experience and expertise in instruction related to English language arts, mathematics, science, Spanish language arts, and special education. To get involved in the continual development of assessment programs within the California Assessment of Student Performance and Progress (CAASPP) and English Language Proficiency Assessments for California (ELPAC) programs. This includes the following assessment programs. Educators working with grades kindergarten through grade twelve and university educators are encouraged to apply.

The general minimum qualifications are:

- Bachelor’s degree, and
- Knowledge and experience in the appropriate content and student population.

Application Instructions

Applicants are asked to create an account in the Educator Opportunities Portal. The links for new account requests and for access to the portal directly are available at the web pages above. Once you have created an account, you will receive more specific instructions regarding how to apply for an opportunity.
