Subject: CAASPP--2014-15 Smarter Balanced Assessment Target Scores Now Available

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

The California Department of Education (CDE) recently released a new type of report as part of the California Assessment of Student Performance and Progress (CAASPP) reporting system: the Assessment Target Report. Right now, data from the 2014–15 CAASPP Smarter Balanced administration are available through the [CAASPP Online Reporting System \(ORS\)](#). This report is part of a suite of materials that can be useful in determining patterns of performance to help inform teaching and learning

To assist you in using the new report, two new resources have been posted on the CAASPP Reports and Reporting Web page at <http://www.caaspp.org/administration/reporting>:

- [2014–15 Assessment Target Reports Quick Start Guide](#)
- [Assessment Target Reports Frequently Asked Questions](#)

Educational Testing Service will provide additional training and information about using the target reports and the 2015–16 CAASPP test results at the in-person “Post-Test Workshops: Connecting Assessment to Instruction.” These one-day workshops are scheduled for May and June 2016. Please watch for an announcement to register for the workshops.

Questions about assessment target reporting and all other topics regarding the 2015–16 CAASPP administration should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
