Subject: 2018-19 CAA for Science Test Examiner Survey Available

Measuring the Power of Learning.™

Dear California Educator:

The test examiner survey for the 2018–19 California Alternate Assessment (CAA) for Science is now available on the California Assessment of Student Performance and Progress (CAASPP) Portal [CAAs web page](#). Your feedback on this year’s field test provides crucial input on the development of the *Directions for Administration (DFA)*, orienting activities, and other resources. Your feedback on options for individualization is also needed. The survey will take approximately five minutes to complete.

Take the [CAA for Science Survey](#) if you have administered the CAA for Science, or share this invitation with test examiners in your local educational agency (LEA) or test site after they have administered the CAA for Science. The deadline to complete the survey is before the last day of instruction or by **July 15, 2019**.

Test examiners should direct questions about the CAA for Science to their CAASPP test site coordinator or LEA CAASPP coordinator. LEA CAASPP coordinators should contact the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org regarding the 2018–19 CAASPP administration.

Sincerely,

California Technical Assistance Center
