Subject: CAASPP--6/13/17 Webcast Announcement: 2016-17 CAASPP Post-Test Workshop: Using Assessment Results to Inform Teaching and Learning

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

On **Tuesday, June 13, 2017, beginning at 8:30 a.m. and concluding at approximately 3:30 p.m.**, Educational Testing Service and WestEd, in partnership with the California Department of Education, will broadcast the **2016–17 California Assessment of Student Performance and Progress (CAASPP) Post-Test Workshop: Using Assessment Results to Inform Teaching and Learning** live from the Post-Test Workshop at the Santa Clara County Office of Education.

The purpose of the workshop is to inform local educational agencies (LEAs) of the various components of the 2016–17 CAASPP student results and reports for the Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics and the California Alternate Assessments (CAAs) for ELA and mathematics, and how this information might be used to inform instruction.

Questions to be answered during the workshop will include

- What do you need to know about these assessments?
- What resources are available to you and your team?
- Where and how can you access these resources?
- How can you use the results and resources to inform teaching and learning?
- How can you and your team optimize the results and the resources?

You may view the Webcast on the [CAASPP Webcast](#) Web page on the CAASPP Portal. This Webcast does not require preregistration or a logon account. It is highly recommended that remote viewers participate in a local group setting as there will be 20–30 minute blocks of time where you are asked to work with others in your group. We encourage you to watch this Webcast with curriculum, professional development, and instructional leaders, as well as other LEA or site representatives who might be expected to disseminate the information to other educators within your LEA.

PowerPoint presentations and handouts are available on the [Training Videos and Webcasts](#) Web page on the CAASPP Portal.

If you would prefer to attend an in-person training, registration is still available at some locations. Visit the [online registration form](#) to see dates and availability.

Questions about the Webcast and all other topics regarding the 2016–17 CAASPP administration should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
