Subject: CAASPP: Additional Student Score Reports

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

California Assessment of Student Performance and Progress (CAASPP) testing is complete and the final test results have been processed. All remaining Student Score Reports are being generated. If your local educational agency (LEA) had multiple test administrations, all remaining Student Score Reports will be combined and included in this one additional shipment.

The additional Student Score Reports include results for students who took the California Alternate Assessments (CAAs) for English language arts/literacy and mathematics. The additional shipment also includes Student Score Reports for students who were not included in the LEA's original shipment, those who had a pending appeal, and/or those who did not complete all tests or content areas. It may also include any updated Student Score Reports for students who received an updated score or condition code.

Your LEA will receive an automated e-mail from the Test Operations Management System (TOMS) with the secure link to the packing list for the shipment as well as information about when electronic versions of your additional Student Score Reports are available in TOMS.

If you have any questions about CAASPP reporting or tracking your shipment, please contact the California Technical Assistance Center by phone at 800-955-2954 or by e-mail at caltac@ets.org.

We thank you for your continued support of the CAASPP System.

Sincerely,

California Technical Assistance Center
