Subject: CAASPP--CAA: Update Regarding Version Assignments and DFAs

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

Version assignments for administration of the California Alternate Assessments (CAAs) are now available on the California Assessment of Student Performance and Progress (CAASPP) CAA Version Assignments Web page at <http://www.caaspp.org/about/caa/caa-assignments.html>. Version assignment PDF links are sorted by county. Version assignments in the PDFs are listed by local educational agency (LEA) and then school.

Secure *CAA Directions for Administration (DFAs)* that correspond to these version assignments **will be available for download from the Test Operations Management System (TOMS) on Monday, April 11, 2016**. When you open TOMS, select the **[? Help]** button in the top-right corner of the Web page and then the **[CAA and CAPA Secure Materials]** tab to see a list of available documents. There will be two versions per grade level; schools should select and download *DFAs* that match their assigned version numbers and distribute to CAA test examiners who have signed and returned CAASPP Test Security Affidavits (available at <http://www.caaspp.org/administration/forms/>) and have completed the CAA Test Administration Tutorial (available at <http://www.caaspp.org/about/caa/>).

Additional resources for the CAA, including the archived "Administration of the California Alternate Assessments" Webcast and presentation, the *CAA Test Administration Manual*, and the *Training Test Directions for Administration of the California Alternate Assessments*, are linked on the CAASPP CAA Web page at <http://www.caaspp.org/about/caa/>.

Please also note that the training tests for the California Alternate Assessments are available at <http://www.caaspp.org/practice-and-training/>.

If you have any questions about the 2015–16 CAASPP administration of the CAAs, please contact CalTAC by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
