Subject: CAASPP--CSA Training Tests Now Available

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

The California Spanish Assessment (CSA) training tests are now available and can be accessed on the CAASPP [Online Practice and Training Tests Portal](#). The training tests have the same type of items that will be administered in the field test during the fall of the 2018–19 school year.

Spanish and English scoring guides are currently being developed and will be linked on the [Resources for the Online Practice and Training Tests](#) Web page once available.

Test administrators can administer the CSA training tests to students in grades three through eight and high school. Administering the training test will help to familiarize both test administrators and students with the testing format. Like other CAASPP assessments, the CSA training tests can be administered through the online test delivery system.

The training tests are nonsecure and should be used in preparation for administration of the CSA field test.

A letter regarding participating in the CSA field test will be sent to your superintendent in the coming weeks.

Questions regarding the CSA training tests and all other topics regarding CSA administration should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
