Subject: CAASPP--Focus Group Interest Form

Measuring the Power of Learning.™

Dear Educator:

Educational Testing Service (ETS), under direction from the California Department of Education, will hold **virtual** focus groups to collect feedback on California Assessment of Student Performance and Progress (CAASPP) administration. ETS will pay for a substitute teacher if one is needed. All test administrators and test examiners will be given \$50 for their participation.

These will be held via WebEx in mid-May 2018. These focus groups will discuss the California Science Test, California Alternate Assessment for Science, and the general administration of CAASPP. Each focus group will concentrate on issues related to preparing/training, challenges encountered, and the lessons learned from the 2017–18 CAASPP administration. The information gathered from focus groups will inform and contribute to the planning for the 2018–19 administration year.

Please complete this online interest form by **Tuesday, April 17, 2018**, to be considered for focus group participation.
