Subject: CAASPP--Important Announcement about Supported Operating Systems for 2017-18

Measuring the Power of Learning.™

Dear LEA CAASPP or Technology Coordinator:

On October 24, 2017, you received a [CAASPP Announcement about Supported Operating Systems](#) indicating that secure browser support for Chrome OS 58 and below would expire on December 31, 2017. Since then, however, some issues have been identified with the way Chrome OS 59 is interacting with certain question types on the new California Science Test field test that will be available on April 2, 2018. As a result of this finding, **secure browser operating system support for Chrome OS 59 will expire on March 31, 2018**. The secure browser will continue to support Chrome OS 60 and above for testing.

For a complete list of operating systems supported during the 2017–18 CAASPP administration, see the [Secure Browsers Web page](#) or the [Technical Specifications and Configuration Guide for CAASPP Online Testing](#).

Questions about operating system support and all other topics regarding CAASPP administration should be directed to the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
Phone: 800-955-2954
Fax: 800-541-8455
