Subject: CAASPP--Interim Assessment Reporting System: New Training Video and Upcoming Enhancements

Dear LEA CAASPP Coordinator:

To continue supporting local educational agency (LEA) CAASPP coordinators in the assigning of user roles in the reporting system, the California Department of Education (CDE) has created a new training video. The 13-minute "[Assigning User Roles and Managing Student Groups](#)" video is available on the CAASPP Portal [Interim Assessment Administration Resources](#) Web page. This resource follows the three Quick Start Guides currently available on the [Interim Assessment Administration Resources](#) Web page—"Manage Student Groups," "Update Existing CSV User Upload File from ART," and "ART User File Upload."

On March 5, 2018, educators will find new features in the Smarter Balanced Interim Assessment Reporting System. The following are some of the system enhancements educators can expect next month:

- **Key and distractor analysis.** Users can view the percentage of students who selected each option in selected-response items.
- **District- and school-level data export.** Administrators can export data by selected school(s) or the entire LEA.
- **Writing trait scores.** Users can view English language arts/literacy performance task traits scores for Interim Assessment Blocks.

Questions about the Interim Assessment Reporting System and all other topics regarding CAASPP should be directed to CalTAC by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
