Subject: CAASPP--Mac OS 10.13 Operating System Now Supported for 2017-18 Testing

Measuring the Power of Learning.™

Dear LEA CAASPP or Technology Coordinator:

Additional information is available regarding supported operating systems for CAASPP for the 2017–18 administration. Mac OS version 10.13 (High Sierra) is now supported via a new secure browser. Downloading this new secure browser is only required for local educational agencies (LEAs) that plan to test on devices running Mac OS version 10.13. LEAs can download the new Mac OS 10.13 secure browser from the [Secure Browsers](#) Web page.

For a complete list of operating systems supported during the 2017–18 CAASPP administration, see the [Secure Browsers](#) Web page.

Questions about operating system support and all other topics regarding CAASPP administration should be directed to the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
