Subject: CAASPP Operating System Support Update

Measuring the Power of Learning.™

Dear LEA CAASPP or Technology Coordinator:

Changes have been made to supported operating systems for California Assessment of Student Performance and Progress (CAASPP) for the 2017–18 administration year. While the [Secure Browsers](#) Web page contains a complete list of operating systems that are supported by the secure browser, the lists that follow show the *new* operating systems that will be supported with the release of secure browser version 10 for 2017–18 and operating systems that will be supported only through December 31, 2017. After January 1, 2018, only the supported operating systems—including the list of additional operating systems—can be used with secure browser version 10.

Additional Operating Systems Supporting Secure Browser 10 for 2017–18:

- Android 7.0 (Nougat)
- Chrome OS Version 60 (and any stable channel Chrome OS released).
- NComputing Hosts:
 - vSpace Server 8.4 for Server 2008 R2
 - vSpace PRO 10 for Windows Server 2012, 2016 R2
 - vSpace PRO 10 for Windows 10
- Apple iOS 11.0
- Mac OSX 10.13
- Linux Fedora 26

Operating System Support Expires December 31, 2017:

- Android 4.4
- Chrome OS 59 and below
- Apple iOS 8.0–8.2
- Linux Fedora 23–24, openSUSE 13.1 and 13.2, and Ubuntu 12.04
- Windows Vista

For a complete list of operating systems and browsers supported during the 2017–18 CAASPP administration, see the [Technical Specifications and Configuration Guide for CAASPP Online Testing](#).

Questions about operating system support and all other topics regarding CAASPP administration should be directed to the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,
