Subject: CAASPP--Practice/Training Tests Available

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

Thank you for your patience this week. We appreciate the flexibility of you and your teams to allow us to moderate the California Assessment of Student Performance and Progress (CAASPP) systems to fully support summative and interim testing. We also appreciate feedback we received from local educational agencies (LEAs) on our process and communications.

We took additional steps in our internal processes to ensure continued smooth operations, and we are pleased to inform you that the practice and training tests are available all day, with no additional interruptions. At this time, we do not anticipate the need to take the practice and training tests offline through the rest of the testing administration window, but please note that we may modify that decision if volumes increase. We are posting this information as a reminder on caaspp.org.

If you have any questions about this e-mail, please contact the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Again, thank you for your continued support and patience.

Sincerely,

Mary Anne J. Arcilla
Senior Director, CAASPP Operations
