Subject: CAASPP--Reminder: 9/15 Deadline for Condition Code Edits

Listening. Learning. Leading.®

Dear LEA CAASPP Coordinator:

The deadline to submit condition code edits for the 2014–15 administration of the California Assessment of Student Performance and Progress (CAASPP) is September 15, 2015. These changes are made in the [2014–15 version](#) of the Test Operations Management System (TOMS). Instructions for how to access CAASPP condition codes in TOMS can be found on the CAASPP Instructions for Using Condition Codes in the 2014–15 Version of TOMS Web page at <http://www.caaspp.org/administration/toms/condition-codes2015.html>. Once codes and data are finalized on September 15, expect your reports to be affected in the following ways:

- CAASPP Student Score Reports—Student Score Reports that have been printed and shipped will NOT be regenerated. However, missing Student Score Reports will be shipped by the end of September.
- Online Reporting System (ORS)—Updated scores will *not* be generated in the ORS.
- Student data files in TOMS 2014–15—A student data file will be regenerated after September 15 and then not again until a final version is produced and made available in mid-October. A notice will be posted on <http://www.caaspp.org> when student data files have been updated.
- LEA aggregate data files and aggregate report PDFs in TOMS 2014–15—The final version of the aggregate data files and report PDFs will be available in mid-October.

Please note that changes to any other student data (i.e., demographic data) should be made in the California Longitudinal Pupil Achievement Data System (CALPADS). Note also that CALPADS will experience downtime from Saturday, September 12 at 5 p.m. through Thursday, September 17, 2015, at 6 a.m. Pacific time.

Questions about reporting and all other topics regarding the 2014–15 CAASPP administration should be directed to CalTAC by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
