Subject: CAASPP--Save the Date! Digital Library and Interim Assessment Training Opportunities

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

This September and October, Educational Testing Service (ETS) will offer regional in-person Digital Library and Interim Assessment Clinics as well as Interim Assessment Hand Scoring Workshops. Each clinic and workshop will be presented at 10 locations throughout California. Please see below for further details.

Digital Library and Interim Assessment Clinics:

Target audience: Local educational agency (LEA) California Assessment of Student Performance and Progress (CAASPP) coordinators

These half-day **morning** (8:30–11:30 a.m.) sessions will provide information and guidance on promoting and using the Digital Library and interim assessments. The clinics will address topics such as promoting formative assessment and use of the Digital Library in LEAs, an overview of 2016–17 interim assessments, and considerations in preparing to administer interim assessments. In addition, participants will have an opportunity to share strategies they are using to promote and implement the Digital Library and interim assessments.

Interim Assessment Hand Scoring Workshops:

Target audience: LEA teams of educator coaches and other staff members who will train LEA staff in hand scoring interim assessments. Each LEA may send up to three team members. **LEA CAASPP coordinators will be responsible for registering their team.**

These half-day **afternoon** (12:30–4:30 p.m.) sessions will focus on processes and materials for hand scoring student constructed responses from the Smarter Balanced Interim Assessments. The workshops will be divided into two English language arts/literacy (ELA) sessions and one mathematics session.

Each attendee will select **one** content area to attend.
