Subject: CAASPP--Science Pilot Test Surveys Are Now Available

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

The pilot test surveys for California Science Test (CAST) test administrators and California Alternate Assessment (CAA) for Science test examiners are now available. Feedback on the pilot assessments provides crucial guidance on matters of test administration procedures and test accessibility supports (for the CAST) and operational design (CAA for Science) for future administrations. The surveys will each take approximately five minutes to complete.

The [CAST test administrator survey](#) is linked on the [CAST](#) Web page on the CAASPP Portal. The [CAA for Science test examiner survey](#) is linked on the [CAAs](#) Web page on the CAASPP Portal. If you would like to send your test administrators and/or test examiners URLs to these surveys, you may use the following Web addresses:

- CAST Test Administrator Survey—<http://www.caaspp.org/cast-survey.html>
- CAA for Science Test Administrator Survey—<http://www.caaspp.org/caa-science-survey.html>

Please have your test administrators who administer the CAST **and** test examiners who administer the CAA for Science complete this survey once they have completed science testing for this year. Note that survey data are confidential.

Questions about the CAAs, CAST, and all other topics regarding the 2016–17 California Assessment of Student Performance and Progress (CAASPP) administration should be directed to the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
