Subject: CAASPP--Status of 2014-15 Test Results in the ORS

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

During a routine quality control check of the 2016–17 test results, we discovered an issue that affected the availability of the 2014–15 test results in the Online Reporting System (ORS). As a result, we have temporarily removed access to the 2014–15 data in the ORS.

Please be assured that this issue does not affect the ORS or the 2015–16 and 2016–17 test results in the ORS.

Educational Testing Service (ETS) is in the process of repopulating the 2014–15 test results in the ORS. We estimate that the 2014–15 test results will be available in the ORS no later than August 25, 2017.

We recognize that the availability of the 2014–15 data in the ORS is important to your local activities and are making every effort to correct the issue as quickly as possible. As we are completing our work, we recommend that you access your 2014–15 LEA aggregated data through the [CAASPP Test Results](#) Web page. You may also access 2014–15 student level data through the **[Reports]** button in the Test Operations Management System (TOMS).

If you need assistance accessing your 2014–15 test results through the sources described above or if you have any questions about this e-mail, please contact the California Technical Assistance Center by phone at 800-955-2954 or by e-mail at caltac@ets.org.

We will notify you when we have completed repopulating the 2014–15 test results in the ORS. We apologize for any inconvenience and thank you for your continued support and patience.

Sincerely,

Mary Anne J. Arcilla
Senior Director, CAASPP Operations
