**Subject:** CAASPP--Student Score Reports and the CAA Field Test

*Listening. Learning. Leading.®*

Dear LEA CAASPP Coordinator:

According to our records, your local educational agency (LEA) received printed 2015 California Assessment of Student Performance and Progress (CAASPP) Student Score Reports for students who were assigned to take the California Alternate Assessments (CAA) Field Test in place of the Smarter Balanced assessments. No English language arts or mathematics scores are printed on these reports because no individual student scores are available for the 2015 CAA Field Test. **You are not required to distribute these reports to parents. Please securely destroy any reports that are not distributed.**

If you choose to distribute the reports, you may wish to clarify to parents that a lack of test scores does not indicate a lack of participation in CAASPP testing. Participation in the 2015 CAA Field Test helped ensure that future operational administrations of the CAA will generate fair and valid test results for all students. Please note that students in grades five and eight also took the California Alternate Performance Assessment for Science and received scores for these tests; these Student Score Reports should be distributed to parents.

Questions about Student Score Reports and all other topics regarding the 2014–15 CAASPP administration should be directed to CalTAC by phone at 800-955-2954 or by e-mail at [caltac@ets.org](mailto:caltac@ets.org).

Sincerely,

California Technical Assistance Center
