Subject: CAASPP--System Downtime for the Transition to 2017-18 School Year

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

As part of the transition to the 2017–18 school year, various California Assessment of Student Performance and Progress (CAASPP) systems will experience downtime from **Wednesday, August 30, 2017, through Monday, September 4, 2017**. Note that systems may go offline the day prior to a scheduled downtime day (no earlier than 5 p.m.) and will resume by 8 a.m. the day following a scheduled downtime day.

The systems that will be unavailable during this downtime include:

- Test Operations Management System (TOMS)
- Test Delivery System
- Test Administrator Interface
- Online Reporting System (ORS)
- Appeals/Completion Status/Roster Management System
- Interim Assessment Viewing System
- Interim Assessment Hand Scoring System

Please notify all CAASPP test site coordinators within your local educational agency (LEA) of the upcoming downtime.

Changes made in the California Longitudinal Pupil Achievement Data System (CALPADS) to student demographics from August 30 through September 4, 2017, may take up to 48 hours to update in TOMS after all systems come back online on Tuesday, September 5, 2017.

In the coming weeks, you will receive further guidance on preparing for the transition to administer the 2017–18 interim assessments. Next month, the dates of all subsequent system downtimes for the 2017–18 administration will be provided.

Questions about this e-mail should be directed to the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
