Subject: CAASPP--Training Videos from the Summer Scoring Training Now Available

Dear LEA CAASPP Coordinator:

Four new training videos from the Summer Scoring Training Workshops have been posted to <http://www.caaspp.org/training/caaspp/> in the "Training Videos" section. These videos highlight the summer training that educator participants received about how to effectively use the Smarter Balanced Performance Task rubrics and anchors to guide scoring of student work for both the Smarter Balanced Summative and Interim Assessments. The videos feature scoring specific to English language arts/literacy or mathematics.

These videos are also linked on the CAASPP Test Administrator Resources for the Smarter Balanced Online Summative Assessments Web page at <http://www.caaspp.org/ta-resources/summative.html>. Please share this link with the CAASPP test site coordinators and educators in your local educational agency (LEA).

The videos demonstrate the process of working with prompts, rubrics, and sample papers, to inform hand scoring practices. Watching these videos will give educators insight into the scoring process. Topics covered in this training can be applied to classroom instruction as well as professional development opportunities for school staff. There are two parts to each content-area training.

Questions about the Summer Scoring Training videos and all other topics regarding CAASPP administration should be directed to CalTAC by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
