CAASPP--Upcoming Scheduled System Downtime

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator:

Various California Assessment of Student Performance and Progress (CAASPP) systems will be unavailable **Thursday, November 10, 2016, through Sunday, November 13, 2016, for scheduled system downtime**. Note that systems may go offline the day prior to a scheduled downtime day (no earlier than 5 p.m. Pacific Time [PT]) and will resume by 8 a.m. PT the day following a scheduled downtime day.

In addition to the approaching system downtime, systems also will experience scheduled downtimes on the following days during the 2016–17 school year:

- Thursday, January 5–Sunday, January 8, 2017
- Thursday, March 16–Sunday, March 19, 2017

Additional details about which systems will be impacted are available on the CAASPP Planned System Downtime Web page at <http://www.caaspp.org/system-status/>. This revised page also includes possible maintenance downtimes that are scheduled, in addition to those listed previously. We make every effort to schedule system downtimes so that systems are available on instructional days to support your efforts in the classroom.

It is strongly recommended that you notify all CAASPP test site coordinators within your local educational agency (LEA) of the upcoming downtimes.

Questions about scheduled downtimes and the 2016–17 CAASPP administration should be directed to the California Technical Assistance Center (CalTAC) by phone at 800-955-2954 or by e-mail at caltac@ets.org.

Sincerely,

California Technical Assistance Center
