**Subject:** CAASPP--Updated Operating System Versions Available for Testing

*Measuring the Power of Learning.™*

Dear LEA CAASPP Coordinator:

The secure browser used for California Assessment of Student Performance and Progress (CAASPP) online testing now supports version 57 of the Google Chrome browser. This extends the range of supported Google Chrome browsers from versions 50–57.

In addition, CAASPP online testing now supports Apple iOS 10.3.1. Support for the Apple iOS now includes versions 8.0–8.2, 9.2, 9.3, 10.2, and 10.3.

Questions about testing using Google Chrome Browser and iOS versions on student devices, as well as all other topics regarding CAASPP administration, should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by e-mail at [caltac@ets.org](mailto:caltac@ets.org).

Sincerely,

California Technical Assistance Center
