Subject: CAASPP--Updates to Supported Operating Systems and Browsers for 2018-19

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator or Technology Coordinator:

Changes have been made to supported operating systems and browsers for the California Assessment of Student Performance and Progress (CAASPP) 2018–19 administration year. As of September 4, 2018, only listed operating systems will be supported for testing. These are shown on the [Secure Browsers](#) web page, which is updated throughout the CAASPP administration to ensure you have the latest information about supported operating systems and browsers.

Secure browsers are updated on an annual basis and were also made available on September 4, 2018. However, support for existing secure browsers will continue through December 31, 2018.

The lists that follow show the new operating systems and browsers that will be supported for the 2018–19 administration, as well as those that will supported only through December 31, 2018.

Microsoft Windows
