Subject: CAASPP and ELPAC -- Student Score Reports Include Parent/Guardian Addresses

Measuring the Power of Learning.™

Dear LEA CAASPP Coordinator or LEA ELPAC Coordinator:

Student Score Reports (SSRs) have been released and will appear in a parent or student portal for local educational agencies (LEAs) that have established credentials for electronic reporting. For the CAASPP, new SSRs will appear when they are scored. For the ELPAC, new SSRs will appear every two weeks.

Because SSRs include the parent/guardian address, parents and guardians with access to the student's SSR will be able to view the student's primary home address. Please work with your student information system or parent or student portal vendor if restrictions should be put in place to limit access to the student's primary address.

LEAs should ensure parent/guardian addresses are updated through the California Longitudinal Pupil Achievement Data System (CALPADS) regularly to ensure accuracy. If your LEA's testing window is still open, you can still make updates in CALPADS to student demographic information, including parent/guardian addresses, until the end of your selected testing window.

LEA coordinators can direct questions about electronic SSRs to the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org.

Sincerely,

California Technical Assistance Center
