Subject: CAASPP and ELPAC--Systems Resume with Updated Features

Measuring the Power of Learning.™

Dear LEA CAASPP or LEA ELPAC Coordinator:

CAASPP and ELPAC systems have resumed operation. The following features are now available:

CAASPP Practice and Training Tests:

- The California Science Test (CAST) practice and training tests include Green Hmong.
- The braille version of the CAST practice and training tests can be selected within the test settings step by selecting *Braille* from the *Presentation* drop-down list.
- The California Spanish Assessment (CSA) practice tests allow braille, text-to-speech, audio transcripts, and closed-captioning.

Computer-based ELPAC Practice Test

- Online practice tests by grade and grade span are now available for test examiners to begin preparing students to take the computer-based Summative ELPAC.
- Test examiners can access both practice and training tests from ELPAC.org by selecting the [\[Practice & Training Tests\]](#) button.
- Practice Test Scoring Guides will be available on the [Practice and Training Test Resources](#) web page by the end of November.

As a reminder, please make sure California Longitudinal Pupil Achievement Data System (CALPADS) student demographic data is updated early and often for the upcoming 2019–20 CAASPP and ELPAC administrations. Student demographic data in the Test Operations Management System is read-only; access CALPADS to manage and edit student demographic data.

Questions regarding the 2019–20 CAASPP and ELPAC administrations should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org.

Sincerely,

California Technical Assistance Center
