CAA for ELA and Mathematics Administration Notes

Beginning with the 2022–23 administration, the information on preparing for administration of the test that was previously found at the beginning of the Directions for Administration (DFA) has been removed and placed into a new, separate document. The new document, Preparing for Administration (PFA), can be found in the Moodle Training Site at https://moodle.caaspp-elpac.org, the CAASPP website at https://www.caaspp.org, and within the Test Operations Management System (TOMS) that can be accessed through the CAASPP website.

For questions regarding the CAA for ELA and Mathematics or other CAASPP assessments:

• Parents/Guardians should contact their child’s teacher.
• Test examiners and other school personnel should contact their LEA CAASPP coordinator.
• LEA CAASPP coordinators should contact their LEA Success Agent, preferably by email. Refer to the LEA Success Agent web page at https://ca-toms-help.ets.org/contact/lea-success-agents/ to look up the name and contact information for the LEA’s assigned representative or the California Outreach web page at https://ca-toms-help.ets.org/contact for all support options.
• For more information on all aspects of the CAAs, including test security, item types, and guidelines, refer to the Online Test Administration Manual for CAASPP Testing, which is linked on the CAASPP Manuals and Instructions web page at https://www.caaspp.org/administration/instructions/index.html.

Directions for Administration

About the Practice Test Directions for Administration (DFA)

This DFA contains directions and the specific scripts needed by test examiners to administer the online practice tests for the California Alternate Assessments (CAAs) for English Language Arts/Literacy (ELA) and Mathematics. It is a companion document to the online practice tests and the PFA document.

The purposes of the CAA practice tests are to

• familiarize students and test examiners with the item types,
• provide a sample of the test questions and grade-level content that appear on the CAA operational tests,
• allow students and test examiners to become familiar with the format and functionality of the online tests, and
• allow test examiners to try out accessibility resources (e.g., zoom in and out).

Please note that the practice tests and training tests do not produce scores. These practice tests are available all year and may be used at any time in preparation for the CAA operational tests that are administered in the spring.

Practice tests can be administered in one of two ways, either

• using a standard supported web browser to access the practice tests directly, without use of the Test Administrator Interface or secure browser, by using a guest session; or
• using the same procedures as those used for the operational tests, with the Test Administrator Interface, secure browser, and individual student logon information.

A parent or a guardian can access the practice tests through a guest session and act as the test examiner during testing. Test examiners or school staff members can access the practice tests through their appropriate roles in TOMS or through guest sessions.

Testing Checklist

This DFA contains directions and scripts to guide the test examiner in administering this CAA for ELA and Mathematics practice test. Prior to administering the practice test, ensure the following steps have been completed:

☐ Review the Preparing for Administration (PFA) document, which includes:
  • general information needed to prepare for administering the practice test and
  • a section with Helpful Links.

Using the *Directions for Administration (DFA)*

The *DFA* contains two sections: ELA and Mathematics. All *DFAs* begin with ELA, but either practice test may be administered first.

The *DFA* should be used to administer the CAA for ELA and Mathematics. It contains the script for administration. Keyword instructions and symbols for test examiners are as follows:

The picture shows John’s mother opening the door to greet Sophia. John, Maria, and Andrew are waving to Sophia from across the room.
The picture shows John giving a book to Sophia.
The picture shows John and Maria sitting on the floor playing the game. Andrew is standing up beside them.
The picture shows John, Maria, Andrew, and Sophia playing the game.

After the story has been read,
SAY: We have finished reading. Now I will ask you a question.

POINT TO the chart in the item.
SAY: We will use this chart to tell what happens in the story. Some sentences are missing from the chart. You will fill in the missing sentences and put the sentences in order.

POINT TO the sentence in the first box of the chart. Then POINT TO the picture above the item.

The picture shows John, Maria, and Andrew sitting on the floor playing a game.

SAY: This sentence says, “John and his friends play a game.”

POINT TO the blank boxes in the chart.
SAY: You will use these boxes to add what happens next and what happens last in the story.

POINT TO the middle box in the chart.
SAY: What happens next in the story? Andrew asks Sophia to join the game?

POINT TO the first option.
SAY: Maria asks Sophia to eat dinner with her?

POINT TO the second option.
SAY: Or Sophia borrows a book from John?

POINT TO the third option.

This item continues on the next page.
POINT TO the last box in the chart.
SAY: What happens last in the story?
POINT TO and label the remaining two options with the same questions as shown above.
If the student provides only one response (correctly or incorrectly),
SAY: Put one more sentence in the chart in the order it happens in the story.
Allow the student to change the responses as needed.
SAY: We will read about the stars on the flag. Follow along as I read aloud. Then I will ask you a question.

READ the passage aloud and POINT TO the picture after the title is read.

The picture shows the United States flag.

After the passage has been read,

SAY: We have finished reading. Now I will ask you a question.

SAY: You will write a sentence about how the flag has changed. Use two of these words.

POINT TO and READ each word in the word bank.

Refer to the student’s usual mode of writing to prompt the student to begin.

• If the student uses the computer or an AAC device to write,

SAY: Use the computer/your device [or other wording familiar to the student] to write the sentence.

If the student uses the computer, click on the tool icon in the upper right-hand corner of the student screen and select the notepad option. After the student has written a response or has attempted a response, score the response using the rubric provided, and then save and close the notepad.

• If the student uses dictation to write,

SAY: Tell me the sentence to write. I will type it on the computer/write it for you [or other wording familiar to the student].

If the student provides only one word from the bank,

SAY: How else has the flag changed? Here are some words you can use.

POINT TO and READ the three unused words in the word bank.

SCORE the student using the rubric below.

<table>
<thead>
<tr>

</tbody>
</table>

*Please assess only the factors mentioned in the scoring rubric. Writing conventions (grammar, capitalization, and spelling) should not influence the score.
23

SAY: We will read about pigs. Follow along as I read aloud. Then I will ask you a question.

READ the passage aloud and POINT TO the corresponding pictures as the passage is read.

ALT The picture shows a pig.
The picture shows an outdoor maze where a pig can try to find its way through.

After the passage has been read,

SAY: We have finished reading. Now I will ask you a question.

READ the item and POINT TO each option as it is read.

24

SAY: We will watch a video and then read about solar eclipses. Watch the video. There is sound in this video.

Play the video.

ALT [Before the video plays] The video shows a girl watching TV to learn about the next solar eclipse. The girl marks the date on her calendar. On the day of the eclipse, she watches the eclipse while wearing special glasses.

After the video has played,

SAY: Now we will read about solar eclipses. Follow along as I read aloud. Then I will ask you a question.

READ the passage aloud and POINT TO the corresponding pictures as the passage is read.

ALT The picture shows a dark sky with the Moon blocking the Sun.
The picture shows a teenage boy wearing eclipse glasses.

After the passage has been read,

SAY: We have finished reading. Now I will ask you a question.

READ the item and POINT TO each option as it is read.

If the student provides only one response (correctly or incorrectly), SAY: What other information about solar eclipses is in both the story and the video?
25

**SAY:** Listen as I read some sentences.
**POINT TO** the picture and the sentences in the text box and **READ** the sentences aloud.

**ALT** The picture shows soapy water around the hole at the bottom of a sink.

**READ** the item and **POINT TO** each option as it is read.
If the student provides only one response (correctly or incorrectly),
**SAY:** Which other word helps us understand the meaning of “drains”?

**POINT TO** the first picture.

**SAY:** This picture shows 100 small squares. One of the squares is shaded. This is 1%.

**ALT** The picture shows a large square split into 10 rows of 10 smaller squares. 1 of the smaller squares is shaded.

**POINT TO** the second picture.

**SAY:** Here is another picture with small squares shaded.

**ALT** The picture shows a large square split into 10 rows of 10 smaller squares. 25 of the squares are shaded.

**READ** the question and options, and **POINT TO** each option as it is read.

2

**SAY:** 1 baseball practice is 30 minutes long.

Part A

**READ** the question and options, and **POINT TO** each option as it is read.

Part B

**READ** the question and options, and **POINT TO** each option as it is read.

3

**POINT TO** the picture.

**SAY:** There are 100 flowers.

**POINT TO** each corresponding flower.

**SAY:** 30 of the flowers are orange. 25 of the flowers are yellow. 20 of the flowers are blue. 25 of the flowers are pink.

**READ** the question and options, and **POINT TO** each option as it is read.
4

Part A
POINT TO the picture.
SAY: A student has 126 stamps. He will buy 76 more stamps.
READ the question.
POINT TO the equation.
SAY: \(126 + 76 = \) what?
READ and POINT TO each option.

Part B
POINT TO the picture.
SAY: A student has 348 trading cards. She will give 19 cards to a friend.
READ the question.
POINT TO the equation.
SAY: \(348 - 19 = \) what?
READ and POINT TO each option.

5

POINT TO the rectangle.
SAY: Here is a picture of a rectangle. The length is 6 units. The width is 4 units.

ALT The picture shows a rectangle split into equal squares. There are 4 rows with 6 squares in each row.

SAY: The area of a rectangle is the length times the width.
READ the question and options, and POINT TO each option as it is read.
6

**Mathematics**

**POINTER TO** the number line.

**SAY:** Look at this number line.

**ALT** The picture shows a number line that is numbered from -5 to 5 by ones. There are 3 points on the number line.

**READ** the question.

**POINTER TO** each corresponding point on the graph.

**SAY:** Is it point A?

**ALT** Point A is 2 spaces to the left of 0.

**SAY:** Is it point B?

**ALT** Point B is 2 spaces to the right of 0.

**SAY:** Or is it point C?

**ALT** Point C is 4 spaces to the right of 0.

7

**SAY:** A teacher has a box of 100 pencils.

**POINTER TO** the picture.

**SAY:** Of these, 15 are red, and the rest are yellow.
