

CALIFORNIA SPANISH ASSESSMENT

WHAT IS THE CSA?

The California Spanish Assessment (CSA) is part of California's system of assessments called the California Assessment of Student Performance and Progress (CAASPP). This optional test assesses students' skills in reading, writing mechanics, and listening using the Common Core State Standards en Español. The CSA will be administered within each local educational agency's assigned CAASPP testing window.

WHY IS THE CSA GIVEN?

The purpose of the CSA is to measure a student's competency in Spanish language arts in grades three through eight and high school in order to provide student-level data in Spanish competency.

WHO TAKES THE CSA?

Any students in grades three through eight and high school seeking a measure to recognize their Spanish-specific reading, writing mechanics, and listening skills may take this assessment.

HOW IS THE CSA GIVEN?

The CSA is a computer-based assessment that consists of technology enhanced items. The estimated testing time for the CSA is approximately 2 hours, depending on the student's grade level.

WHEN IS THE CSA GIVEN?

The CSA is administered between January and the last day of the local educational agency's selected testing window.
