

# Options for Providing Student Score Reports

There are four options available to local educational agencies (LEAs) for the distribution of electronic Student Score Reports (SSRs) to parents/guardians. The options are listed below along with factors for consideration. Ultimately, it is a local decision as to how electronic SSRs will be shared with parents/guardians. Depending on your LEA's unique factors, one option may be preferable over another, or you may want to consider a combined approach to providing SSRs to parents/guardians.

Preferred Method	Alternative Options		
<b>Provide electronic SSRs through LEA-provided parent portal.</b>	<b>Option A</b> Provide electronic SSRs through other locally secure method.	<b>Option B</b> Provide paper reports printed locally.	<b>Option C</b> Provide paper reports purchased from test vendor.
<b>Use this method if:</b>	<b>Consider this option if:</b>	<b>Consider this option if:</b>	<b>Consider this option if:</b>
Your LEA has a parent portal or the option to add one.	Your LEA does not have a parent portal.	Your LEA does not have a parent portal.	Your LEA does not have a parent portal.
All or most parents have access to the parent portal.	You have a secure method to distribute SSRs electronically.	Most parents in your LEA do not have internet access.	Most parents in your LEA do not have internet access.
The parent portal is used—or can be used—to distribute documents.	<p>For more information, visit the CAASPP Student Score Report Options web page at <a href="http://www.caaspp.org/administration/reporting/Student-Score-Report-Options.html">http://www.caaspp.org/administration/reporting/Student-Score-Report-Options.html</a>.</p>
