

Unlisted Resources for CAASPP and ELPAC

California Assessment of
Student Performance and Progress

Unlisted Resources are non-embedded resources that are not listed as universal tools, designated supports, or accommodations in Matrix One for California Assessment of Student Performance and Progress (CAASPP) or Matrix Four for English Language Proficiency Assessments for California (ELPAC).

WHO CAN USE THEM?

Unlisted Resources are only available to students who are identified as having an individualized education program (IEP) or 504 plan in The California Longitudinal Pupil Achievement Data System (CALPADS). Specific Unlisted Resources must be identified in the student's IEP or Section 504 plan.

HOW TO MAKE A REQUEST

The local educational agency (LEA) test site coordinator may submit a request to the California Department of Education (CDE) through the Test Operations Management System (TOMS) a **minimum of ten business days before the student's first day of testing.**

DO UNLISTED RESOURCES INVALIDATE STUDENT SCORES?

Unlisted resources that do not change the measured construct are not invalidated. Although IEP teams should not allow the impact of an LEA's accountability to outweigh the needs of the student, per regulations (*5 California Code of Regulations* Sections 854.9 and 11518.37). If the CDE determines the unlisted resources changes the measured construct:

- The student's score and LEA participation rate indicator may be impacted.
- The student's CAASPP score is invalidated and the student is not included in the participation rate indicator.
- The student's ELPAC score will result in the lowest obtainable scale score for the domain.
- An individual score report will still be generated in both CAASPP and ELPAC.
